

# Hack Club

To Whomsoever It May Concern,

I'm pleased to confirm that **Saksham Taneja** is an official Hack Club leader during the 2019 - 2020 academic year. This means that he had submitted an application to start a Hack Club, gone through our interview process, and been accepted. His Hack Club chapter at **JECRC University** will be officially supported by Hack Club global.

Regards,
